**Offshore Wind  
Quay Side Services**

### CONTACT INFORMATION

Dan Ellsworth: Phone: (401) 408-9661 • Email: [danellsworth@ostservices.com](mailto:danellsworth@ostservices.com) • [www.ostservices.com](http://www.ostservices.com)

### COMPANY OVERVIEW

OST Services is located next door to the Port of Providence (ProvPort) – New England’s second largest deep water port and strategically located to serve the Northeast Offshore Wind Industry. OST has been in operation in Rhode Island since 1994. The company provides quality engineering services to marine vessel operations and the region’s major off shore wind projects. The company’s key capabilities include ABS Certified Welders, CWI and Nondestructive Testing (RT, UT, PAUT, PT, MT & VT). Additional services include UAV (drone) inspections, Positive Material Identification and Remote Visual Inspection.

### CURRENT CLIENT LIST

- Boskalis
- DEME Offshore US
- Forte Maritime
- John S. Connor – Global Logistics
- Miah Trenchers
- Prysmian
- Riggs-Distler
- Sea World Management (Principality of Monaco)
- Waterson Terminal Services

### DIFFERENTIATORS

- Located next door to Port of Providence
- ABS Certified Welders
- Nondestructive Testing Services
- CWI on staff
- Engineering Services
- Marine Vessel Retro-Fit and Repair
- ASME “S” and “U” Designations
- UAV (Drone) Inspections
- Positive Material Identification

### COMPANY DATA & CODES

- OST has been in operation in RI since 1994
- Subsidiary of LISEGA, Inc.
- DUNS: 878941079
- Federal Employer ID: 47-2643867
- Cage Code: 396Q0
- NAICS Codes: 541330, 541380, 541340, 811310, 238190
- SIC Codes: 8734, 8711, 1799, 8734, 7692

### ADVANTAGES TO CONSIDER

- Close working relationship with Waterson Terminal Services (ProvPort) Management & Staff
- Broad range of Engineering Services
- Marine Vessel Repairs & Modification
- Fabricated products & installation – IE. Vessel decks, platforms, ladders, rails, steel plate (mill-certs), pipe and bar.

## WIND TURBINE UAV INSPECTION

Utilizing our fleet of Unmanned Aerial Vehicles (UAV), OST Services can visually inspect the exterior of turbine blades. This comes at a fraction of the cost of traditional methods and without the need to scale to the top of your asset or enter any confined spaces.

### SUPPLEMENTARY SERVICES

NONDESTRUCTIVE TESTING • WELD REPAIRS • NBIC "R" STAMP
